ACG's Bidding Process: Lower Insurance Costs and "No Surprises" Peace-of-Mind

In order to find you the best possible premium for your dealership we first perform an in-depth analysis of your current insurance policies. We conduct a comprehensive risk management audit for your company including recommendations for improvements or changes in your coverage.

We then prepare bid specifications for your dealership insurance program and manage the bid process for you from beginning to end. We create a highly competitive environment by negotiating with insurance companies to put their lowest price on the table to get your business. Competitive bidding every year is the only way to be certain you are not over-paying for the coverage you need.

Not only do we get the best possible price for your dealership insurance, we diligently analyze the fine print in every policy to make certain you are not sacrificing coverage for cost. We then make certain your insurer delivers and issues the policies just like you agreed, with no surprises.
